NUMBER 4,534.

SYMPTOMS:

The symptoms of Catarrh, as they generally appear, are at first very slight. Persons find they have a cold, that they have frequent attacks, and are more sensitiv nose may be dry, or a slight discharge, thin and acrid, afterwards becoming thick and adhesive. As the disease becomes chronic, the discharges are increased in quantity and changed in quality; they are now thick and beavy and are hawked or coughed off. The secretions are of fensive, causing a bad breath; the voice is thick and nasal; the eyes are weak; the sense of the smell is lessened or destroyed; deafness frequently takes place. Another common and important symptom of Catarrh is, that the person is obliged to clear his throat in the morning of a thick or slimy mucus, which has fallen down from the bead during the night. When this takes place the person may be sure that his disease is on its way to the lungs, and should lose no time in arresting it.

The above are but few of the many Catarrh symptoms. A Single Bottle will last a Month-to be used three times a day. TESTIMONIAL

From Hon. Thomas J. Turner, Ex-Member of Congress rom Illinios, late Speaker of the Illinois House of Representatives, and Grand Master of A. F., and A. M., of PREEFORT, October 21, 1863.

Dr. D. H. SEELYE-Dear Sir: In reply to your notice of the 18th inst., I would say that I was severely afflicted with Catarrh for years, when I became acquainted with you and bought two bottles of your liquid Catarrh Remedy. Before I had used one bottle I was sensibly improved, and before the second bottle was finished, was completely cured. I can recommend the medicine to all afflicted with Catarrh. Respectfully yours,
THOMAS J. TURNER.
